the purpose of this book is to examine the characters style themes structure and narrative technique of that chivalric world i hope to show among other things that don quijote begins to retreat from his chivalric fantasy and to reach an accord with reality in part i of the novel rather than in part ii as is generally believed that sancho panza both undermines and sustains his master s fantasy from the start that the priest and the barber are not as first presented don quijote s friends but rather his greatest enemies and that cide hamete benengeli becomes increasingly unreliable as a narrator and increasingly comic as a character in the second part of the novel
